Summary

I am a Computer Science student with a strong interest in software development, problem-solving, and building real-world applications. I enjoy working on both frontend and backend technologies and continuously improving my skills in Data Structures and system design. I am looking for opportunities where I can learn, grow, and contribute to meaningful projects.

Education

Bachelor of Technology (BTech)

2023-Present

Bharat Ratna Babasaheb Bhimrao Ambedkar Rajkiya Engineering College, Pratapgarh

SGPA (5th Semester):7.3/10

Skills

Programming Languages

- C++ (for Data Structures & Algorithms), Java

Web Technologies

- Frontend Development (HTML, CSS, JavaScript, React, Tailwind CSS)
- Backend Development (Node.js, Express.js)
- Databases (MongoDB, Supabase)

Core Concepts

- Data Structures & Algorithms (DSA), Problem Solving, Logical Thinking,
- Database Management Systems (Basic), Computer Networks (Basic), Operating Systems

Tools Used

- VS Code, Git, GitHub, Netlify, Vercel, Railway

Achievements & Coding Profiles

Solved 200+ Data Structures & Algorithms problems on LeetCode with a 220-day max streak and 250+ days Daily Coding Challenge streak, demonstrating strong problem-solving consistency

Projects

College Event Portal || React, Tailwind CSS, Supabase (Real-time Database), OpenAI API

- Developed a full-featured event management platform for concerts, DJ nights, and technical fests with user registration and personalized event selection
- Implemented real-time feedback for instant issue reporting and designed an emergency alert system to provide guidance during critical situations
- Integrated post-event feedback and analytics to support continuous improvement and enhance overall event experience

Student Portfolio Website || React, Tailwind CSS

- Built using modern UI practices with Tailwind CSS.
- Designed and developed a responsive portfolio website to showcase projects, skills, and contact information
- Built using modern UI practices with Tailwind CSS, ensuring seamless experience across mobile and desktop devices

LEADERSHIP & ACTIVITIES

Student Coordinator – Core Technical Team, Rhythm 2026 (College Fest)

Built and deployed the official fest website, managing registrations, real-time updates, and technical operations during live events

Student Coordinator – Social Media & Media Team, Rhythm 2026

Managed and grew social media platforms by planning and executing content strategies for promotions and engagement

Student Coordinator - Training & Placement Cell

Coordinated placement drives by handling scheduling, student participation, and recruiter communication to ensure smooth execution

Certifications

Completed **Artificial Intelligence Learning Path** from Infosys Springboard, covering machine learning fundamentals and real-world AI applications
